Hiring Manager
Oman Arab Bank
Muscat, Oman

RE: Application for Security Analyst Position

Dear Hiring Manager,

I am writing to express my interest in the Security Analyst position advertised. I am currently pursuing an Advanced Diploma in Networking and Information Security, and I am eager to contribute my knowledge and skills to your team while continuing to grow professionally in the field of cybersecurity.

Through my academic coursework and practical projects, I have gained a solid foundation in network security, threat detection, and system monitoring. I have hands-on experience in network configuration using Cisco Packet Tracer, traffic analysis with Wireshark, and developing secure IoT systems. These experiences have strengthened my ability to identify vulnerabilities and apply appropriate security measures.

I am particularly drawn to this role because it offers the opportunity to work in a dynamic environment and contribute to protecting critical systems and data. I am a detail-oriented individual with strong analytical skills, a passion for problem-solving, and a commitment to continuous learning.

I would welcome the opportunity to further discuss how my background, skills, and enthusiasm can be a valuable addition to your team.

Thank you for your time and consideration.

Sincerely,

Aya Al-Haddabi
